"Hello World" Program in Java and C

In Java:

```
//-----  
// Hello.java  
//-----  
  
public class Hello  
{  
    // Write the line "hello, world" to the standard output stream.  
  
    public static void main(String[] args)  
    {  
        System.out.println("hello, world");  
    }  
}
```

In C:

```
/*-----*/  
/* hello.c */  
/*-----*/  
  
#include <stdio.h>  
  
/* Write "hello, world\n" to the standard output stream.  
   Return 0. */  
  
int main(void)  
{  
    printf("hello, world\n");  
    return 0;  
}
```
